Whether you wish to accept cards face to face, over the phone or online, we have a range of options that can be tailored to your business together with a variety of value added services.

**Card payments reduce the volume of cash held by fuel delivery men, increasing security for drivers. It also improves cashflow as payments are paid into your nominated bank account and it can help to reduce bad debts as Customers have more flexible payment options available to them.**

We offer credit and debit card acceptance facilities including tailored solutions for Oil and Fuel companies.

The **GPRS** Mobile Terminal is an ideal solution for accepting payment wherever the Customer needs to pay as the terminal connects through a mobile network. This is ideal for home deliveries as you can collect payment immediately.
