

## Taxis

Today it is vital to offer your Customers the ability to pay by card. This is becoming increasingly important in the taxi industry as Customers are looking for a reliable service that offers flexible payment options. Whether you wish to accept cards face to face, over the phone or online, we have a range of options that can be tailored to the taxi industry and the AIB Merchant Services solution is designed with speed and convenience in mind.

Credit card payments reduce the volume of cash held in the taxi, increasing security for drivers. It also improves cashflow on corporate accounts as payments are paid into your nominated bank account reducing administration.

We offer Credit and Debit card acceptance facilities including tailored solutions for private taxis and taxi companies.

The **GPRS** Mobile Terminal is an ideal solution for accepting payment wherever the Customer needs to pay as the terminal connects through a mobile network.

Our web based card acceptance facility (**Virtual Terminal**) enables you to accept Credit and Debit card transactions by phone. It can be activated on any PC with internet capability. This facilitates prebookings and reduces no show rates.

### **Our service also includes -**

#### **Compliance & Risk Support**
